LOCAL NEWS.

E. J. Cann is home from his outing at Sandy Lake.

For a first-class cigar, go to the Eclipse Billiard Saloon.

R. B. Way has removed to his new and commodious residence on the hill.

Corn: Donaldson drove to Duck Lake

on Sunday, returning Monday evening.

W. J. Baker, M. E. Baker, arrived

on Tuesday with freight for F. C. Baker.

H. Mitchell, M. L. A., and Dr. Stewart,

of Duck Lake, arrived in town this afternoon.

Mrs. F. J. Rankin is enjoying country life this week, as the guest of Mrs. J. C. Slater.

T. E. Baker is erecting a storehouse for grain for F. C. Baker, in the rear of his store.

Hon. Senator Hardisty, Chief Factor of the H. B. Co. at Edmonton, arrived in town to-day.

Rifle practice on the new range, across the river, has been actively engaged in during the past week.

R. Thompson and R. Armstrong have been engaged to paint the several buildings on the Duck Lake Agency.

Nicholas Sinclair has resigned his position in the H. B. Co. and will open a trading post of his own at Green Lake.

TELEGRAPHIC. CHIT-CHAT LOCALS.

(By Special Telegraph.)

Gathered by our Reporters.

WINNIPEG, Sept. 20.—Lord Stanley arrived here on Monday on a tour through the Northwest and British Columbia. He will visit all the principal points along the C.P.R., also going to Macleod and Lethbridge, but will not visit any Saskatchewan points.

Rich. Campton, of Rutledge Station, is the Conservative candidate opposed to McLean, the new Provincial Secretary in the Manitoba Government. The election takes place on the 5th October.

An Ottawa despatch to the Free Press says the whole difficulty in connection with the G. N. W. Central Railway has been got over. English capitalists now control the company and have subscribed \$10,000,000 in cash. Fifty miles of the road will be built from Brandon this fall and the line extended to Battleford next season.

Rev. Chas. Somerson and bride, left on Monday for Bears Hill Mission.

Lady Selkirk, daughter-in-law of Lord Selkirk, the founder of the Red River Settlement, arrived Sunday and visited Kiddouan and several other historical places. She has gone to the coast.

A Macdonald, Alfred Pearson and S. Mulvey are announced as candidates for mayoralty for 1890.

QUEBEC, Sept. 20.—Last night several thousand tons of rock slid from Cape Diamond, at the end of Dufferin Terrace, to Champlain street, 300 feet below, demolishing in its course seven dwellings. Ten corpses and sixteen wounded have been taken out. It will take several days to recover all the bodies. The damage will exceed \$100,000.

OTTAWA, Sept. 15.—The friends of Ernest Wiman, of Commercial Union fame, have decided to secure for him a seat in the Dominion Parliament, if he will accept it.

MONTREAL, Sept. 14.—Duncan Campbell, jr., of Duncan Campbell & Sons, has shipped; having forged the names of several customers to the extent of \$5,000. Young Campbell was recently married.

NIAGARA FALLS, Sept. 15.—Walter G. Campbell went through the whirlpool with an ordinary life preserver and padded tights. He seemed none the worse for his trip, except an apparently severe nervous strain.

NEW YORK, Sept. 15.—The oyster beds are ruined by last week's storm and the supply is now exhausted.

President Oaks has concluded not to buy the G. N. W. Central Ry. They have concluded to confine their railroad building to Manitoba.

MANITOU, Sept. 17.—Walter Hooper, a young Englishman, committed suicide by taking two ounces of carbolic acid. No apparent reason can be assigned for the rash act. He was married only two months ago.

STONY MOUNTAIN, Sept. 18.—G. Neely, agent for the C. P. R. and Dominion Express Co., left on Saturday for a more congenial clime in Uncle Sam's domains. It is not known exactly how much the companies will suffer, but the amount is small.

LONDON, Sept. 18.—Sir Wilfred Lawson, Liberal Member of Parliament for Cumberland, has been suddenly taken ill and is reported dying.

Work on the docks is assuming its normal aspect. Three thousand men assembled outside Victoria docks this morning and demanded the dismissal of the men taken on during the strike before returning to work. The directors refused to grant the demand. The men at work are guarded by policemen.

NANKATON, Sept. 19.—Mr. Stewart, in charge of the Q. L. & S. Railway survey party, has completed his work to the South Branch, and will cross his party and commence the survey to Prince Albert early next week.

There are now 600 teams at work on the railroad and eighty miles of grading is already done.

Dr. H. C. Willoughby, at present of Regina, is sending 100 head of young grade cattle to his ranch near here.

Chas. Mair and family returned from Sandy Lake on Sunday.

T. Oram, of the Queen's Hotel, is able to be around again after his serious illness.

The annuities to the treaty Indians in this district will be paid about the 7th October.

Indian Farm Instructor Marion, on One Arrow's Reserve, was in town on Monday.

Jas. Macarthur is erecting a frame building west of the Bank, which he intends using as a butcher shop.

The foliage on the trees has completely changed to the fall colors; this is about three weeks earlier than previous years.

Mrs. Hurd, of Brockville, and mother of our esteemed townsman, Mr. J. W. Hurd, arrived on the stage this week.

A. H. Meyers, barrister, of Toronto, and brother of Capt. F. W. Meyers, of Carrot River, arrived in town on Wednesday.

Last Sunday evening was unusually dark and people going home from church had great difficulty in keeping the trails.

A cool and refreshing drink can be had at Jackson's drug store. Cream soda, from the fountain, only ten cents per glass.

Carrot River Show takes place on Thursday next, 28th inst. Quite a number of Prince Albert people intend going out to it.

W. Hudson intends putting in a steam engine and boiler in his grist mill, on the Creek, immediately, so as to begin running in about three weeks.

Harry McColl, baker, has bought the Keenan building west of the post office, and will fit it up as a bakery, which he expects to be ready in about ten days.

Rev. Mother Collings, Mother Superior of the Faithful Companions of Jesus, has bought J. R. McPhail's residence, at the east end, and will convert it into a school.

S. W. Vanluven was in town on Tuesday. He says his grist mill, on the South Branch, is about ready for the machinery, and he expects to hear from it daily.

P. Lafond, druggist, and Mrs. Lafond returned from Batouche on Wednesday. Mr. and Mrs. Lafond had been spending a couple of weeks holidays with Mr. L. Marion.

The settlers on Stony Creek are to have a post office. Through some mistake of the eastern post office clerks part of the Qu'Appelle mail came on to Prince Albert this week.

The Corporation are doing a good work in laying a sidewalk from Church to McKay street, and also replacing the two-board walk west from King street by a four-foot sidewalk.

Col. Sproat, who has been east for the past two months for the benefit of his health, arrived on the stage this week. He is very weak and tired after his long overland trip, but is otherwise improved in health.

Staff Sergt. Bredon is again improving after the relapse which he took about two weeks ago. Sergt. Bredon has been granted six months leave of absence, and as soon as he is able will take a trip to his old home in Ireland.

The "smart Alex." of Clark's Crossing has again distinguished himself. This time by killing three wild geese and his own, or rather his mare's colt, with one discharge from a shot gun. Killed them all as dead as his loosely hinged tongue usually slaughters the Queen's English. The thoroughbreds are not safe when such a veritable "Handy Andy" goes shooting.

ADVICE TO MOTHERS. Are you disturbed at night and broken over your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of **MRS. WINDOL'S SOOTHING SYRUP FOR CHILDREN TEething.** It will relieve the poor little sufferer instantly. Depend upon it, mothers; there is no mistake about it. It cures colic, regulates the stomach and bowels, cures wind colic, soothes the gums, reduces inflammation, and gives tone and energy to the whole system. **MRS. WINDOL'S SOOTHING SYRUP FOR CHILDREN TEething** is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c. a bottle.

In the next week or two the different agricultural societies in this district will be holding their annual exhibitions, at which no doubt there will be a good display of the various products of the farm and garden. That these exhibitions are a benefit it would be foolish to deny, and the agricultural societies are entitled to credit for doing a certain amount of good in holding them. But we do not think that these societies should content themselves with holding a local show once a year. It would be of untold advantage to this district if they would each year send an exhibit of the products of the soil and of other industries to the eastern Provinces and to Great Britain. Such an exhibit would do more in one season to open the eyes of the people of other countries to the capabilities of this wonderful land than all the newspaper articles that could be written in a life time. We do not say that newspaper articles do no good in advertising a country; on the other hand, we believe that much is accomplished by the press in that direction; but it must be admitted that a man, in England for instance, in reading a glowing account—never mind how true it may be—in a newspaper published here, of the capabilities and resources of Saskatchewan is very apt to look upon it with a certain amount of suspicion. And we cannot very well blame him. We are in a position to give him better evidence of the advantages our country offers as a field for settlement, of the productiveness of the soil and the nature of the climate. People in the east have the idea that grain cannot mature on the Saskatchewan. The best way to convince them that it not only matures, but grades equal to the best raised in the world, is to send them a sample. We believe that even a small exhibit sent to different places in the other Provinces would turn many an intending immigrant in this direction. The cost of transportation would not be great, and it is not yet too late in the season to move on the matter. We consider that the Government grant could not be put to a better use by our agricultural societies, and we hope to see them act on our suggestion.

There is now a strong probability, if not a certainty, that the Northwest Central Railway is to be built. This railway, like too many in the Northwest, has existed on paper for several years, but the promoters have never been able to secure the capital necessary for its construction. One of our despatches to-day states that the money required has been furnished by English capitalists, and that fifty miles of the road will be built this fall and the line completed to Battleford next year. Its starting point is Brandon on the C. P. R.; thence it runs through the Touchwood Hills and Clark's Crossing on to Battleford, and thence to the Rocky Mountains. The country through which it will run to Battleford is not of the best kind—true, it will pass through some very good land along the proposed route—but by passing through Prince Albert a very much better district would be opened up by it, and such a course would not add many miles to its

length, while it would connect this town with those further west, between which there will always be a great deal of traffic. We believe it would be in the interests of both Prince Albert and the Railway to have it pass through here. But if it should pass at a distance from us, we are pleased to know that it will give Battleford connection with the outside world at an early date. That enterprising settlement will enjoy the benefits to be derived from railway connection with the east almost if not quite as soon as ourselves.

Mr. John Lovell, the Montreal publisher, has undertaken to compile and publish a gigantic Gazetteer and History of the Dominion. It will consist of eleven large volumes, containing over 8,000 pages, and will contain complete and reliable information and descriptions of every city, town, lake, river, etc., in Canada. It will also be a complete history of the several Provinces and Territories as well as of the Dominion, and will give full statistics as to population, trade, manufacturers, etc. There will be one volume devoted to the Northwest Territories. Mr. Lovell will employ over one hundred editors in the preparation of the work; these will be selected according to their fitness from the different Provinces and Territories, and they will visit every place in Canada in order to gather reliable information. The work is estimated to cost \$200,000, and will be commenced as soon as \$150,000 subscribed. The eleven volumes are will be completed in two years thereafter. The subscription price for the complete work will be \$75. Separate volumes for any of the provinces will be \$9 50. Mr. Lovell requires 2,000 subscribers at \$75 each. The well known reputation of Mr. Lovell should be a sufficient guarantee that the work will be all that he claims for it. It will be invaluable as a History and Book of Reference, and should receive a liberal support from the people of Canada. It should find a place in every library in the Dominion. The prospectus and sample of the work may be seen at the office of this paper. Subscriptions are payable only on delivery of the volumes.

SAD DROWNING ACCIDENT.

It is our painful duty this week to have to chronicle the death, by drowning, of Fred. Stewart, the only child of Mr. Alex. Stewart, one of our oldest and most respected citizens. As far as we have been able to ascertain, the facts are as follows. On Wednesday afternoon, about 4 o'clock, Mr. Stewart, who was putting up hay south of the Red Deer Creek, about six miles from town, sent Fred., a youth of about 15 years of age, into town on some business. The deceased started off on horseback and took a fowling piece along to shoot ducks on the way. It appears he came a mile or two in the direction of the town, and shot a duck in one of the numerous lakes along the road. The duck was out in the lake and he took off his clothes and went in after it. He succeeded in getting the duck, but got into deep water, and not being a good swimmer, was drowned. About 10 o'clock yesterday morning Willie Pritchard, who was looking for cattle, discovered the horse deceased had been riding tied to a bush beside the lake and immediately informed his father, Mr. B. S. Pritchard, who sent word to Mr. Stewart. Mr. Stewart went over to the lake and on looking around found all Fred's clothes together and his gun and flasks a short distance from them. He then knew that his son was in the lake. Mrs. J. P. Scott, who lives close by, was notified and she brought the sad intelligence in to town, and at the same time letting Mr. Stewart know about it. Mr. Sam. Donaldson hitched up his double rig, and he and a number of citizens started out, taking along with them Russell & Davis' and Hugh Nelson's boats, to search for the body, as it was believed from all the circumstances that poor Freddie had found a watery grave.

The boats and grappling hooks were soon in use and the lake was dragged from side to side and end to end until about 9:30 when the body was found in six feet of water, still holding the duck after which he had gone, in his left hand. At the point deceased entered it the lake was about 100 yards across and varied in depth from four to nine feet. The news of the death of their only child came with a shock of terrible suddenness to Mr. and Mrs. Stewart, and they have the heartfelt sympathy of the entire community in their great bereavement. Freddie was a bright gentlemanly lad, and was well liked by everybody in the town and will be greatly missed and his death lamented by all. To the sorrowing parents we extend our most sincere sympathy in the trying ordeal through which they are called on to pass.

LOCAL NEWS.

H. J. Clarke, first Attorney-General of Manitoba, died suddenly on the train for the coast, near Medicine Hat on Friday last.

A big fire is raging in the woods near Lily Plain, and is doing an immense amount of damage. This fire has been started since the heavy rains last week.

The Government contemplate building a telephone line to connect the Barracks, Court House and Judge McGuire's residence with the telegraph office. Work will begin shortly.

Capt. Hoey, M.L.A. for Kinitino, was in town to-day. He is visiting his constituents before leaving for Regina to attend the Assembly which meets on the 16th October.

D.H. Macdowall, M.P., and Mrs. Macdowall and family arrived in town yesterday. Mr. Macdowall's children, who were ill for some time past in Winnipeg, have greatly improved in health.

Thos McKay has finished threshing on his mammoth farm at Red Deer Hill. He says he has no reason to complain of the yield this year, although had the rain only come in time he would undoubtedly have had the largest yield on record. Notwithstanding the drought his wheat yielded 25 bushels per acre.

Three hundred Ontario farmers have arrived in Winnipeg during the past week. They come to "spy out the land" and prove for themselves the truth of the wonderful statements made about this country. It is to be regretted that the suggestion of THE TIMES to collect and have placed at some of the stations on the C.P.R., a collection of the products of the Saskatchewan country and Prince Albert district in particular was not acted upon and carried out. Another excursion about as large as the last one leaves Toronto on the 24th inst. and there would be ample time in the interval to have some of the grains, roots, etc., from here collected and forwarded to Troy or Winnipeg to be placed on exhibition. We think that Mr. Betts or Mr. Plaxton should take the matter in hand and send an exhibit at once.

CURED.

After spending Ten Winters South, was Cured by Scott's Emulsion.
145 Centre St., New York.
June 25th, 1898.
The Winter after the great fire in Chicago I contracted Bronchial affections, and since then have been obliged to spend nearly every Winter South. Last November was advised to try Scott's Emulsion of Cod Liver Oil with Hypophosphites and to my surprise was relieved at once, and by continuing its use three months was entirely cured. Gained flesh and strength and was able to stand even the Blizzard and attend to business every day.

TERRITORIAL NEWS

BATTLEFORD.

From the *Herald*, Sept. 3.
Quite a heavy shower of rain fell on Saturday night, the first for many weeks.
Last week four teams pulled out from here for the construction camp on the Q., & L.L. Railway.

On Friday afternoon about five tons of hay in E. Brunell's yard up town were burned, and fortunately the flames were confined to the hay stack, although there were many buildings close by. The fire was started by Mr. Brunell's son playing with matches and indulging in a desire to see if the hay would burn.

During Tuesday and Wednesday last the wind blew a heavy gale, keeping the air filled with a blinding dust. It first came from the east, but gradually worked around until, when it died away, it had blown from every point of the compass. It did no damage beyond scattering whatever hay had not been properly secured.

On Wednesday last, while a horse belonging to the Hudson's Bay Co. was being watered at the Saskatchewan the buggy to which it was attached slipped into the channel, dragging in and drowning the horse. The buckboard and harness were recovered next day.

A few days ago a Mounted Policeman named Grant, while out on the herd, was loading his carbine the cartridge jammed and exploded. The bullet passed through the barrel all right, but the force of the explosion and portions of the cartridge shell inflicted a number of serious wounds on his face.

REGINA.

From the *Leader*, Sept. 10.
Commissioner Herclamer was in Winnipeg last week.

Sir Lester Kaye says his company will have 120,000 bushels of grain this year.

J. W. Bengough, the well known national cartoonist, will lecture in Regina in October.

Capt. P. R. Neale is leaving the Police force, and is now taking the usual three months leave of absence.

It is probable that a match arranged between a team from Supt. Perry's Division, from Prince Albert, now camping here, and a team of the A. P. R. A. will take place on Saturday next.

Wheat is opening at about 60 cents. Farmers are showing a disposition to hold their grain in the hope of higher prices prevailing. Wheat is coming in at Brandon and selling at 60 cents.

An unfortunate drowning accident occurred last Monday at the Barracks. A child of Mr. and Mrs. Balls, eighteen months old, fell into a water hole and when discovered life was extinct. The funeral took place on Wednesday.

The Commissioner of the N.W.M.P. has kindly consented to furnish men to act as markers and register keepers during the meeting of the A. P. Rifle Association. The Mounted band will also be in attendance on the range at the opening by the Governor-General.

His Honor the Lieut. Governor will call the Legislative Assembly together on Wednesday, Oct. 16th. This will be a convenient date and His Honor is to be commended for fixing on a date which will allow of business being concluded in a reasonable time for the northern members.

CALGARY.

From the *Tribune*, Sept. 4.
Word was received to-day that a car-load of horses passed Donald to-day from the west for the Calgary races.

At about 7:20 a.m. on Friday a young man by the name of Robt. Ferrester met with a painful accident while working a reaping machine in Mr. Cushing's mill, south of the track. It appears he was engaged preparing sash material when his left hand came in contact with the rapidly revolving knives, completely severing two fingers and part of the thumb.

Never has such a dust storm, as took place on Tuesday afternoon, been seen before in Calgary. So says "the oldest inhabitant." Without the slightest warning a terrific wind storm sprung up, literally making the land dark, and it was only just possible for those who had the misfortune to be out in it to see their hands before their face. Considering the severity of the storm it is extraordinary that so little damage was done. The Royal hotel was most seriously damaged, if we except Mr. Murdoch's eye, which was badly cut by the falling of the awning of the Bank of Montreal, and which struck Mr. Murdoch a severe blow. The tin roof of the Royal was completely

lifted off, a huge piece of the tin hanging over the east wall of the building. This is now being repaired. Several windows and awnings were smashed, as well as sign-boards outside of stores. Several chimneys on private houses were also damaged, more or less. Fortunately for us, those playful little wind storms are few and far between.

LETHBRIDGE.

From the *News*, Sept. 4.
Supt. Cotton, Mrs. Cotton, Miss White, and Insp. Drayner passed through here on Monday on their way home to Regina from the Macleod races.

Several of our local sports went down to Grassy Lake on Saturday evening last and succeeded in bagging quite a number of ducks and geese.

Owing to the shortness of the evenings the hours of the regular practice of the Gun Club has been changed from 7 in the evening to 4 in the afternoon.

The result of the rifle match between Lethbridge and Edmonton on the 17th Aug. has just been received. Edmonton scored 611 to Lethbridge's 636. The home team therefore wins by 25 points. The next match will be with Macleod on the 14th inst.

While Lethbridge and the school trustees of the Lethbridge school are thoroughly in earnest in their efforts to establish a High School, not much encouragement seems to be given by the Board of Education to the scheme. We are informed that some months have already passed since the trustees sent in their application for the establishment of the school, but up to the present time no notice has been taken of their communication.

FORT MALEOD.

From the *Gazette*, Sept. 5.

A man named Denton was arrested on Tuesday, charged with stealing money from R. Bauvais.

The Indian treaty payments take place next month. The average Indian is being treated with marked courtesy peculiar to treaty time.

The summit of the mountains, and the sides for some distance down are covered with their winter mantle of white. It looks chilly up there.

Const. Thos. Craig had his preliminary examination last week before Supt. Cotton, J.P., who came up from Regina for that purpose. The charge against Craig was, unlawfully, and with intent to defraud, taking and appropriating to his own use \$400, the property of the Dominion Government. Mr. Haultain, who appeared for the defendant, objected to the preliminary examination being conducted, by Supt. Cotton, or any Police justice of the peace. The objection was noted and the case proceeded with. The prisoner was committed for trial.

Some two weeks ago the *Gazette*, in speaking of the excitement created by the finding of coal oil in the mountains west of Macleod, ventured to predict that the discoveries would not end with coal oil. We refused to accept the supposition that the boundary line was the northern limit of gold and silver bearing quartz. A quantity of quartz, taken from the mountains this side of the line, was brought to Macleod this week, which is said to assay \$250 to the ton. For the present we think it advisable to say nothing regarding the discovery or the location. In another part of the mountains the discovery of channel coal is reported.

MOOSE JAW.

From the *Times*, Sept. 6.
The first load of new wheat this season was brought into town last Friday.

Wm. Roast, conductor, was struck on the head last Friday by a spent bullet, fired by some parties along the river. The Town Council are enacting a by-law prohibiting the use of firearms within the corporation.

Willie Porter, son of W. A. Porter, Mail Clerk, met with a very painful accident on Tuesday evening. He was playing with some other children around an empty stable, when he fell breaking his arm at the wrist and at the elbow. The bones were badly displaced, but were brought together and set by Dr. Turnbull in a skillful manner.

We would recommend to the consideration of the Town Council the advisability of granting a couple of hundred dollars of the money, soon to be added to the Town treasury, to assist in buying an outfit of instruments for, and organizing a brass band in Moosejaw. Such a thing is not a necessity in a town, but it would help greatly to relieve the monotony of life in a prairie town.

FALL MEETING Of the Saskatchewan Provincial Rifle Association.

The Fall Meeting of the S.P.R.A. was held on the association's new range, across the river, this afternoon. The matches arranged for were the Nursery and Consolation. Some very good scores were made considering the riflemen were all green shots, or those who had never taken a prize of greater value than \$4 at any previous meeting. Some of the marksmen were eligible for the Nursery and not for the Consolation Match and vice versa, and some for both. The new range is a good one and next year we expect to see some extra good shooting done on it. The following are the matches and prize winners:

THE NURSERY MATCH.

This match was shot off at 200 and 400 yards with Snider rifles; five shots at each range. The winners were:—

Pze	200 Yds	400 Yds
1	\$5 Agnew, T. J.	22 19 41
2	4 McTaggart, John.	21 19 40
3	3 Johnson, J. L.	18 18 36
4	2 McKay, Tho.	16 19 35
5	2 Norman, Capt.	22 13 35
6	2 Newlands, H. W.	15 14 29
7	2 Sanderson, Jas.	11 15 26

CONSOLATION MATCH.

The Consolation Match was for those members who did not win a prize at the last Annual Meeting; range 400 yards; Snider rifle; five rounds. The first prize in this match was given by Mr. Sheriff Hughes. The winners were:—

Pze	200 Yds	400 Yds
1	\$5 McTaggart, John.	21
2	4 Newlands, H. W.	20
3	3 Stovel, C. R.	15
4	3 Burns, A. R.	14
5	2 Maveety, J. D.	13
6	2 Sanderson, James.	12
7	Gunn, W. R.	10

SWEETSTAKE.

After the matches were shot off a sweetstake match was got up, in which all present entered and in which the best shooting of the afternoon was made. There were five prizes. The highest score being 23 points, while one of 19 points was counted out. The winners were:—

	T'tl
1. Stewart, John,.....	35555 23
2. Agnew, T. J.,.....	55444 22
3. Johnson, J. L.,.....	33553 19
4. Burns, A. R.,.....	44425 19
5. Newlands, H. W.,.....	55225 19

BULL'S EYES.

Mr. T. J. Agnew deserves special credit for the able manner in which he conducted the affairs of the Association during the summer.

The team match which was announced to come off to-morrow, between the S. P. R. Association and the Rideau Club, of Ottawa, has been indefinitely postponed, owing to the sad accident which occurred here this week and the funeral taking place at the time of the match. This may seem strange in a large place like Ottawa, but in a small community like ours it was quite right to put off the match. The Rideau Club is the only one that has defeated the Prince Albert riflemen for the past two seasons. During this year the local association shot two matches with every association in the Territories and always came out ahead.

DUCK LAKE.

Touissant Lucier is still unwell. Weather clear and very warm. One passenger, a Mr. Applegarth, is on the incoming stage.

The Q. & L.L. surveyors are pushing the work rapidly and will soon be here. Warren Finlayson has gone to Clark's Crossing to relieve Mr. Molloy for a few months.

H. Mitchell, M.L.A., will shortly visit his constituents at Clark's Crossing and Saskatoon.

Threshing has commenced on the reserves. The sample is the best ever grown in this district.

A grist mill is to be erected at Sandy Lake. Indian Agent Finlayson has been in town for the last two days making arrangements for it.

Wm. Stobart & Co. give several prizes for grain at the Saskatoon Fair. The winning grain to become their property. It is intended to send it to England for exhibition.

It is reported that A. J. McNeil, of the Indian Department here, will shortly be removed to Battleford. A. J. will be greatly missed here, as both he and Mrs. McNeil are very popular.

THE DREAFA—A person cured of "Drea" (a kind of disease) in the head of 29 years standing by simple remedy, will send a description of it to anyone who applies to him. Address: 29 St. John street, Montreal.

GENERAL NEWS.

Hon. Edward Blake has been re-elected Chancellor of the University of Toronto, by acclamation.

Premier Mowat intends to bring up a case which will settle the Q. C. question as to whether the Provincial Government have a right of appointing Q.C's.

Mrs. Esther Wilcox, while returning from market, in St. Thomas, on Saturday night, was thrown from her buggy and her skull fractured. She died in a few hours.

Fred. Villiers, artist and war correspondent of the London Graphic, is at the Windsor Hotel, Montreal. He will accompany the Governor-General on his official tour to the Northwest.

Typhoid fever is said to be very prevalent in Winnipeg at present, especially in the north end. The Jewish part of the population apparently have the disease the worst, although numerous other cases are reported.

Sir Henry Locke and party, Governor of Victoria, Australia, arrived at Vancouver on Saturday and left on Sunday for San Francisco, where he sails for Australia. From Melbourne he will proceed to the Cape of Good Hope, of which he has been appointed Governor.

Fred. Carson, conductor on the Q., & L. R. construction train, got severely squeezed on the 8th inst between two cars, at Long Lake. A French grading outfit from Sherbrooke, Que., owned by Madigan, arrived on Sunday and was taken to the end of the track. Strevell's outfit, in two train loads, has arrived and gone out to work.

The Pope has sent a telegram to Herr Windhorst, leader of the Clerical party in the German Reichstag, thanking him for conveying the Catholic Congress at Bockum, and another to Prince Bismarck, conveying his thanks for permitting the Congress to assemble. Bismarck replied to the Pope's telegram, that notwithstanding he had sanctioned the convening of the Congress, he was not at all in accord with the work it had done.

The Catholic members of the Labor Congress which met in Montreal last week were denounced from the pulpit of Notre Dame church on the 8th inst. by Cure Sentenne, a prominent priest. He also read a pastoral letter from Manager Tache, accompanying the encyclical letter of the Pope, protesting against the erection of a statue to Bruno, the apostate, and holding that fact to be a standing insult to religion and Catholicity.

Within the past few months the C. P. R. have been making great changes in the construction of their locomotives, and are entirely doing away with the lighter grade which a short time ago were so popular. Formerly a freight locomotive that could haul eighteen cars was considered a powerful one, whereas the new engines can haul with ease thirty loaded cars. The new engines are ten wheelers instead of six, and combine great strength with increased speed.

Considerable alarm is being felt at Rat Portage for the safety of the steamboat Fleetwing. She is one of the oldest boats on the Kasky River route, and has been undergoing repairs the past two months, and was fitted up with a new engine and boiler. She left here on Thursday last on her second trip, since being repaired, with a quantity of freight and some passengers among whom were Mr. McColl, superintendent of Indian Agencies; W. B. Fotheringham, lumber merchant, of Rainey River; a Mrs. Jefferson, and several others.

Mr. Wareham, a well known citizen of Winnipeg, says his children were out in Fort Rouge on the 8th inst. in charge of the nurse, and found a bear, which at first they took for a man sitting down trying his boots. On closer approach it rose and came towards the girl. His bearship was eating something which appeared to be a rabbit. It got close enough to tear the girl's apron, but she safely escaped with the little ones although all of them suffered much from fright. There is likely to be a hunt for brains soon.

The Countess of Selkirk, the daughter-in-law of the late Earl of Selkirk, has communicated with the church wardens of Christ Church, Winnipeg; and in the letter has expressed a wish to meet the descendants of the original settlers who came out under the auspices of Lord Selkirk. Lady Selkirk will be the guest of Sir Donald A. Smith at Silver Heights. The committee appointed by the vestry of Christ Church will most heartily welcome all, or any of the original settlers, who came out under the auspices of Lord Selkirk, to reception to be held on Mr. Logan's grounds, the date of which will be published shortly.

ROYAL BAKING POWDER
Absolutely Pure.

This Powder never varies. A marvel of strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low tests, short weight, alum or phosphate powders. Sold only in cans.

THE ODELL

TYPE WRITER

\$15 will buy the ODELL

TYPE WRITER.

Warranted to do as good work as any \$100 machine.

It combines SIMPLICITY with DURABILITY. SPEED, EASE OF OPERATION—wears longer without cost of repairs than any other machine, has no ink ribbon to bother the operator. It is neat, substantial, nickel plated, perfect, and adapted to all kinds of type writing. Like a printing press, it produces sharp, clean, legible Manuscripts. Two to ten copies can be produced at one writing. Editors, lawyers, ministers, bankers, merchants, manufacturers, business men, etc., cannot make a better investment for \$15. Any intelligent person in a week can become a GOOD OPERATOR or a RAPID ONE in two months.

\$1,000 offered any operator who can do better work with a Type Writer than that produced by the ODELL.

Reliable agents and salesmen wanted. Special inducements to dealers. For pamphlet, giving endorsements, etc., address the
